- Dates (from – to) May 2019 – December 2019
- Name and address of employer University of East Piedmont, Novara
 - Type of business or sector
 - Occupation or position held consultant
- Main activities and responsibilities Systematic review of the literature on the role of di biomarkers as a prognostic factors of multiple sclerosis “

- Dates (from – to) September 2002 – July 2017
- Name and address of employer AOI Città della Salute e della Scienza
 - Type of business or sector Center for Cancer Prevention
 - Occupation or position held Consultant: Responsible of the Literature Group .
- Main activities and responsibilities Conduct of systematic reviews.
PICOS formulation, bibliographic search, data extraction and data synthesis for the conduct of systematic reviews as a background material for the production of Clinical Practice Guidelines (Update of the European Code Against Cancer, European Guidelines for quality assurance in colorectal cancer screening and diagnosis, update of the European Guidelines for Quality assurance on cervical cancer screening, in collaboration with the IARC)

- Dates (from – to) January 2013 – December 2016
- Name and address of employer Italian Cochrane Centre (AREAS-CCI)
 - Type of business or sector project funded by the 7Framework Programme of the European Union, coordinated by the National Centre for Rare Diseases (Istituto Superiore di Sanità) called “RARE-Bestpractices: Platform for sharing best practices for management of rare diseases” (<http://www.rarebestpractices.eu/>).
 - Occupation or position held Researcher
- Main activities and responsibilities Teacher and coordinator of courses on how to prepare guideline using the GRADE methodology for rare disease. Conduct of an European survey on existing or planned guidelines and programs dedicated to Rare Disease and on the methods in use for the development of guidelines. Elaboration of training tool on how to use the AGREE checklist .

- Dates (from – to) May 2017 – December 2017
- Name and address of employer European Association of Nuclear Medicine (EANM)
 - Type of business or sector
 - Occupation or position held consultant
- Main activities and responsibilities Systematic review of the available evidence and coordination of the Delphi Consensus process on the utility of imaging methods for prostate cancer for the 2018 EANM Consensus Conference

- Dates (from – to) August 2016 to February 2018
- Name and address of employer University of Insubria
 - Type of business or sector

- Occupation or position held consultant
 - Main activities and responsibilities coordination and supervision of the project “GRADE methodology: a way to increase the health care quality by the implementation of evidence based practice”
-
- Dates (from – to) September 2016 December 2016
 - Name and address of employer University of East Piedmont, Novara
 - Type of business or sector
 - Occupation or position held Researcher
 - Main activities and responsibilities collaboration of the production of systematic reviews on the efficacy of primary prevention intervention for cardiovascular diseases: tobacco cessation and physical activity promotion”
-
- Dates (from – to) June 2016 – December 2016
 - Name and address of employer European Association of Nuclear Medicine (EANM)
 - Type of business or sector
 - Occupation or position held consultant
 - Main activities and responsibilities responsible for the conduct of a study on the inter-rater agreement evaluation and consensus reaching process using the Delphi method for the Development of standardized image interpretation methodology and interpretation guidelines for 68Ga-PSMA PET/CT use to detect prostate cancer recurrent lesions
-
- Dates (from – to) January 2015 – March 2015
 - Name and address of employer European Association of Nuclear Medicine (EANM)
 - Type of business or sector
 - Occupation or position held consultant
 - Main activities and responsibilities responsible for the production of a systematic review of the literature assessing the diagnostic accuracy of the 11C-Choline PET/CT for the detection of the site of recurrence of prostate cancer in patients treated with curative intent therapy with who presented a biochemical recurrence
-
- Dates (from – to) November 2014 January 2015
 - Name and address of employer University of East Piedmont, Novara
 - Type of business or sector
 - Occupation or position held Researcher
 - Main activities and responsibilities collaboration of the production of the method handbook and synthesis of clinical guidelines and systematic review within the Project ““Italian Network Evidence Based Prevention – NIEBP”
-
- Dates (from – to) January 2011 – March 2011
 - Name and address of employer University of East Piedmont, Novara
 - Type of business or sector
 - Occupation or position held Researcher
 - Main activities and responsibilities Project manager of the project: “conduct of clinical guidelines for the prevention of tobacco smoking”
-
- Dates (from – to) January 2011 – June 2013
 - Name and address of employer Italian Society of Gynecological Endoscopy” (SEGI)
 - Type of business or sector Scientific Society
 - Occupation or position held Consultant
 - Main activities and responsibilities Member of the Editorial Board, responsible for the PICOS formulation, bibliographic search, data

extraction and data synthesis for the conduct of systematic reviews as a background material for the production of Clinical Practice Guidelines “Practical guideline in office hysteroscopy”

- Dates (from – to) November 2006- November 2010
- Name and address of employer Regional Health Agency of Emilia Romagna, viale Aldo Moro 21, 40127 BOLOGNA
 - Type of business or sector
 - Occupation or position held
- Main activities and responsibilities Consultant ;
Conduct of systematic reviews. Responsible of the bibliographic search , evaluation and synthesis of the international literature on emerging technologies

- Dates (from – to) January 2001 – May 2001
- Name and address of employer National Institute of Health, Viale Regina Elena 299, 00161 Roma
 - Type of business or sector Tobacco, Alcohol and Drugs Unit
 - Occupation or position held Consultant
- Main activities and responsibilities PICOS formulation, bibliographic search, data extraction and data synthesis for the conduct of systematic reviews as a background material for the production of Clinical Practice Guidelines for smoking cessation “Linee Guida sull’efficacia delle strategie di prevenzione e di cessazione del fumo.”

- Dates (from – to) August 2000- December 2003
- Name and address of employer Centre for the Evaluation of the Effectiveness of Health Care , (Centro Interaziendale per la Valutazione della Efficacia della Assistenza Sanitaria (Ce. V.E.A.S.), viale muratori 201 41100 Modena
 - Type of business or sector
 - Occupation or position held
- Main activities and responsibilities Consultant
Quality assessment and data synthesis of the international Clinical guidelines for the production of an Italian Database of Clinical Guidelines

- Dates (from – to) November 1995 – December 1998
- Name and address of employer “Mario Negri “ Pharmacological research Institute Via Eritrea, n. 62, 20157 Milano
 - Type of business or sector
 - Occupation or position held
- Main activities and responsibilities Consultant
Conduct of systematic reviews

- Dates (from – to) September 1994, March 1995
- Name and address of employer National Health Service, USSL 75/IV, viale Tibaldi 41 Milano
 - Type of business or sector Unit of Epidemiology
 - Occupation or position held Permanent collaboration
- Main activities and responsibilities Conduct of systematic review

- Dates (from – to) September 1991- June 1994
- Name and address of employer National Health Service, USSL 75/IV, viale Tibaldi 41 Milano
 - Type of business or sector Unit of Epidemiology
 - Occupation or position held Assistant medical doctor
- Main activities and responsibilities Conduct of systematic reviews

EDUCATION AND TRAINING

- Dates (from – to) July 2019
- Name and type of organisation providing education and training International Cochrane Collaboration.
- Principal subjects/occupational Risk of bias training assessment in Cochrane reviews

basic

**SOCIAL SKILLS
AND COMPETENCES**

*Living and working with other people, in
multicultural environments, in positions
where communication is important and
situations where teamwork is essential
(for example culture and sports), etc.*

Good relational competencies acquired by:
teaching at many courses on Evidence based medicine and conduct of systematic
reviews
oral presentations at many congresses, seminars and workshops.

**ORGANISATIONAL SKILLS
AND COMPETENCES**

*Coordination and administration of
people, projects and budgets; at work, in
voluntary work (for example culture and
sports) and at home, etc.*

Good organizational skills and competence acquired by:
Being responsible and coordinator of teams for the conduct of systematic reviews and clinical
practice guidelines

**TECHNICAL SKILLS
AND COMPETENCES**

*With computers, specific kinds of
equipment, machinery, etc.*

Excellent knowledge of Office (Word, Power point, Excel)
Excellent knowledge of RevMan, a software developed by the Cochrane Collaboration in order
to prepare and systematic reviews
Excellent knowledge of GRADEpro
Good knowledge of PubMed and Cochrane Library for the conduct of advanced bibliographic
searches
Good knowledge of reference manager program (Rayyan, EndNote)
