

The main interest of Trudy Bekkering (physiotherapist, epidemiologist, PhD) is systematic reviews and clinical guidelines. In 2004 she defended her PhD on the development, implementation and evaluation of the clinical guideline on low back pain for physiotherapists. Since 2008, she is staff member of the Belgian Centre for Evidence-Based Medicine and Cochrane Belgium. Her main tasks are teaching EBM, validating clinical guidelines, promoting Cochrane and Cochrane systematic reviews in Belgium, teaching systematic reviews and providing individual support for (Cochrane) systematic reviews.
